

# WELDING GAUGE

4859-1A

■ Made of stainless steel

## Metric

| Part No. | Measurement          | Range          | Graduation | Accuracy |
|----------|----------------------|----------------|------------|----------|
| 4859-1A  | crown height         | 0-12mm         | 1mm        | ±0.2mm   |
|          | leg width            | 0-20mm         | 1mm        | ±0.2mm   |
|          | weld length          | 7-30mm         | 1mm        | ±0.2mm   |
|          | angle of preparation | 55°, 60°, 65°  | —          | ±30'     |
|          | angle of bevel       | 117.5°, 122.5° | —          | ±30'     |
|          | angle                | 20°-80°        | 10°        | ±2°      |
|          | gap                  | 0.5-3.5mm      | 1mm        | ±0.1mm   |
