

HIGH-SPEED WIRE TENSION METERS

- For tension measurement of high-speed threads: textiles, chemical fibers, fine wires
- With ceramic wire post measuring head
- Unit: g, cN
- Record max, min, avg during measurement
- Built-in lithium battery, fully charged, operate for about 20h

ISF-DV200

SPECIFICATION

Part No.	ISF-DV100	ISF-DV200	ISF-DV500
Accuracy class	±3%FS		
Range of test force	1~100cN	1~200cN	1~500cN
Test force resolution	0.1cN		
Width of measuring head	1.18"		
Factory calibrated wire diameter	.0079"		
Range of diameter	.0020~.0079"		
Maximum line speed	19685.04ft/min		
Power supply	built-in rechargeable battery		
Dimension (L×W×H)	9.06×1.77×1.38"		
Weight	.56lb		
Environmental requirement	temp: 50~113°F; humidity: ≤90%RH		

STANDARD DELIVERY

Main unit	1 pc
Power dapter	1 pc
