

HANDHOLD LASER SCAN MICROMETER

PART NO. LDM-H02

- Measure the outside diameter of cables, pipes and wires
- For transparent or non transparent workpieces
- Unit: inch, mm, mil, μm
- Compact and portable, the reading can be displayed vertically or horizontally

calibration gauge
(included)

SPECIFICATION

Measuring range	.0008~.0787"
Resolution	.001"/.0001"/.00001" selectable
Accuracy (at 25°C)	±.00002"
Repeatability (at 25°C)	.00001"
Laser wave length	25.59 μm
Measuring speed	800times/s
Operation temperature	32~122°F
Operation humidity	35~85%RH without condensation
Power	Built-in 7.4V rechargeable battery
Weight	1.09lb

STANDARD DELIVERY

Main unit	1 pc
Calibration gauge	3 pcs (0.10±0.001mm, 0.30±0.001mm, 0.80±0.001mm)
AC/DC adapter	1 pc

application
