

UV FLAW DETECTION LIGHT PART NO. MPI-HD130

- UV-B content is 0
- No need to wait, instantly reaches 100% power
- Supplied with glass filter
- External surface temperature increase <5K (41°F) for continuous working

SPECIFICATION

UV (Light) Lux	6000~11000 μ W/cm ²
UV light power	UV LED-3W
FLUX error	\pm 10% (at 32°F~104°F)
Lighting characteristics	center lighting
Wavelength	room temperature 77°F, 365nm \pm 3nm (UVA)
Power supply	3.7V rechargeable lithium battery
Battery capacity	2600mAh
Charging time	2h~3h
Battery life	UV LED 3h~4h
Dimension	7.09 \times 1.85"
Weight	0.57lb (including battery)

STANDARD DELIVERY

Main unit	1pc
Battery	2pcs
Charger	1pc
