

CONICAL MANDREL TEST APPARATUS
PART NO. PPS-A203

- To test the cracking resistance and elongation of color paints and varnishes
- According to ASTM D 522, ISO 6860

SPECIFICATION

Conical arbor	small end diameter	.12±.004"
	large end diameter	1.5±.004"
	length	8±.12"
Dimension		11.81×4.72×3.15"
Weight		17.64lb

STANDARD DELIVERY

Main	1 pc
------	------

step 1:place specimen

step 2:compress specimen

step 3:start the experiment

step 4:record the results

specimens (optional)

OPTIONAL ACCESSORY

Name	Part No.	Description
specimens	PPS-A203-1	material: burnished tinplate dimension: 5.91×2.95×.01"
	PPS-A203-2	material: burnished tinplate dimension: 5.91×3.94×.01"
	PPS-A203-3	material: cold-rolled steel dimension: 5.91×3.94×.03"
